Once upon a time, in a distant land where dragons roamed freely, there was a lush valley known as the Verdant Haven. It was home to the Green Dragon, a wise and benevolent ruler who cared deeply for the creatures and plants under his protection. The valley flourished under his reign, but a terrible plague began to sweep through the land, sapping the vitality of its inhabitants and withering its once-vibrant flora.

Desperate to save his people, the Green Dragon sought the help of his distant cousin, the Pink Dragon, who lived in the radiant skies beyond the mountain peaks. The Pink Dragon was known far and wide for her mastery of rare and mystical elements, her wisdom rivaling the stars themselves.

One moonlit night, the Green Dragon embarked on a perilous journey across treacherous terrains and soaring cliffs to reach the Pink Dragon's luminous realm. When he finally arrived, weary and worn, he bowed before the majestic Pink Dragon and pleaded for his aid.

“Dear Pink Dragon,” he implored, “my people suffer from a blight that threatens to consume all life in our valley. Your wisdom and power are our last hope. I beg you, lend us your strength.”

The Pink Dragon, moved by the Green Dragon’s earnest plea, agreed to help. He delved deep into the cosmic ethers, drawing forth a powerful element He named Iodine. This element, he explained, had the power to purify and heal, restoring balance to the land.

With great care, the Pink Dragon crafted the Iodinety Empire—a realm of shimmering crystals and luminous waters infused with the healing essence of iodine. He gifted the Green Dragon with a sacred vial of this life-giving substance, along with the knowledge to cultivate and sustain its power.

The Green Dragon returned to the Verdant Haven, carrying the precious gift. He spread the iodine-infused waters across the valley, and miraculously, the land began to heal. The plants regained their vibrant hues, the creatures were restored to health, and the plague was vanquished.

In gratitude, the Green Dragon erected a grand temple dedicated to the Pink Dragon, honoring his kindness and wisdom. The Iodinety Empire became a symbol of hope and healing, its legacy passed down through generations as a reminder of the enduring power of compassion and unity.

A CRIMES LAW IMPERIAL HIGH CONSTABLE OF XITRITONA FOLK LIFE KRAUGATHEA XITRITONA YUHEIRON BARTHALMUSIC(AJAGARA); MARTHALMUSIC(AJAGARA); DARTHALMUSIC(AJAGARA); XIICBSE (GHORAKHAL) is a Iodinety/Ironty Folk Music aritisan, Coach, Counsellor, Inspirational Writer,Playwriter, Novelist.
